FIG. 6

FIG. 7

A hand-drawn graph on a coordinate system. The vertical axis is labeled  $V_{CO_2}$  and the horizontal axis is labeled  $C_{CO_2}$ . The origin is marked with a '0'. Three downward-sloping curves are plotted, labeled 110, 120, and 130 from bottom to top. A fourth curve, labeled 130', is shown to the right of the 130 curve. A point marked with an asterisk (\*) is located at the intersection of the 120 and 130 curves. Several 'x' marks are scattered across the graph, mostly clustered around the intersection point and along the curves.
